

Monster Dumpster Mover

CM40100-405-4

Pull Garbage bins out of the basement with the easy to maneuver, built tough Cart Mule® dumpster puller.

SUPERIOR DESIGN!

www.cartmule.com

Large Incline capacity

The Heavy Duty capacity of the Monster Dumpster Mover is ideal for larger inclines and steeper underground parking structures. Its 4x4 traction makes moving Dumpsters in wet conditions easier and safer. Ideal when moving multiple bins at once.

Ergonomic Compact Design

The Ergonomic compact design makes maneuvering in tight areas easy. Turning is tight and effortless when pulling trash bins train like in and around cars and obstacles to the location of Trash pickup.

Stopping Power with Dynamic Breaking system!

Attachment to Dumpster
